03162418947

tsyed6804@gmail.com

Karachi, Pakistan

Aspiring DevOps Engineer with 3 years of experience in Web and Mobile App Development, SEO, and Social Media Marketing. Proficient in JavaScript, PHP, Flutter, MySQL, and Firebase. Actively building skills in DevOps, including Git, GitHub, Docker, Linux, and Azure, Jenkins, with a strong focus on CI/CD and cloud infrastructure. Eager to apply my development background and quickly grow in a DevOps role.

EXPERIENCE

MOBILE APP DEVELOPMENT

SEO Bolingbrook (Remote)

Nov 2024 - Jan 2025

- Developed responsive and visually appealing mobile app UIs using Flutter and Dart, ensuring consistent design across Android and iOS platforms.
- Translated Figma/Adobe XD designs into high-quality Flutter UI components with attention to layout, spacing, and platform-specific behavior.
- Implemented custom widgets and reusable UI elements to maintain consistency and improve development efficiency within the app interface.

WEB DEVELOPMENT & SEO

SEO Bolingbrook (Remote)

Jan 2023 to Oct 2024

- Developed and customized websites using WordPress, Shopify, Wix, and PHP, ensuring optimal performance and user-friendly designs.
- Integrated e-commerce features, payment gateways, and third-party apps to streamline online business operations.
- Led Off-Page SEO efforts, focusing on link building, guest blogging, and social bookmarking to improve domain authority.
- Conducted On-Page SEO optimizations, including meta tags, internal linking, and image optimization to enhance site visibility.
- Researched keywords and competitors to develop strategic SEO plans and increase organic traffic.

● SEO

SAK (SEO Agency Karachi)

2022 - 2023

- Optimized website structure, content, and meta tags for search engine visibility.
- Performed technical SEO audits to identify and resolve site issues, including broken links, crawl errors, and page speed optimization.
- Created and analyzed performance reports using tools like Google Analytics, Google Search Console.
- Built and managed backlink strategies to enhance domain authority and search engine rankings.
